1. Ted, I love this place. I love them. I love My pastors and preachers and teachers. I love My teachers and teachers. I love My people. I love all of them, all of them, of every label and color and manifest multitude of expression—personal and corporate. I love My people. I love My Mine, My family, I love all Ted.

2. I love and My body must come to know what that means more—so they can love My body around them more like I love them. I love with tender love. I love with leading love. I love with tender mercies new every day—holding back nothing, holding no grudges, holding nothing but love and kindness out to those in front of Me, behind Me, beside Me—those listening, and even those scorning.

3. I lead in love, I love in freedom, I lead in freedom.

4. I exalt, I wait, I let choose, and I submit, but I lead, and in that I lead. Leadership is of Me who has enough of Me to let Me flow through the choices of submittership—submitting, awaiting, and even allowing others to fail at times, but allowing others to flex their wings, in flight, of their own decision. Some never fly—others clipping their decision-making power, and never feeling and understanding the consequences of their decisions.

5. I love and I lead and that's what I want you to do, and that's what I want My body to do.

6. **Today I issue a call to love and lead and be led no more without a voice**, or feeling your decisions do not matter, do not matter, in the scope of your life, their life, or that organization's life—for eternity.

7. Every decision you make affects eternity, for you, and others—you, and others—you, and My body; no isolationists, no islanders, no reclusive loners that affect not themselves, others, My body, and eternity.

8. For many are called, few are chosen, yet Ted, **all are called and all are chosen** for so much, so extensively deeply incorporated into the complex, to you, interactions of My networks in My body that affect each other.

9. Every person's freedom is synergetic, synergistic, and intensifies and accelerates in momentum and power as it increases, it increases, exponentially, affecting those around them, affecting networks and lives in networks thought near—but often are far—and affect My body and affect eternity—eternity for so many.

10. My body must get a better, clearer, more detailed accurate picture of My body and how My body works, and how they work and fit into, and affect others, in My body.

11. Does the toe not affect the body—your body, if hurting, if broken, if disjointed? Does it not ache and affect walking and running and speech and concentration and ability to carry out even simple tasks?

12. Oh Ted, so many toes, so many out of joint, so many aching, so many hurting not only themselves but hurting, slowing all those around them by their poor picture and lack of understanding of how powerful they are— and how powerful their words are, and how powerful their motives are, and how powerful their actions are, and how all affect all in My body.

13. So many want the deeper things of Me but disjoint their toe in an effort to control rather than release freedom. Freedom Ted, it's all about freedom and control, freedomizers and controllers. See it hearer/reader, see it Ted, see it oh leader, doubter, freedomizer, controller.

14. So many promise freedom through their control, but motives yield actions which promulgate, propel, and power the exaltation of their self, and their word means nothing except to cut a swath for their power, their own power, through forests of people without discernment.

15. So many promise freedom through their control; I promise freedom through My freedom. All is voluntary in My kingdom—no conscription, no mercenaries, no merciless —only merciful, justice, and judgment, which My people must learn to understand and desire and seek and not fear.

16. I am My judgment. Are you not your judgment? Are you not your value systems displayed, personified in your daily walk, exercised through your words spoken, written, and communication conveyed—complete and incomplete?

17. I am My judgment and My judgment now comes to elevate the maturable and seekers who fear Me not—not hiding their talent in the ground and propagating myths about Me and My judgment, My values, My love.

18. **I seek the entrepreneurial who will risk standing up to see Me and hear My voice and refuse intimidation** by controlling constrictors who represent Me and know Me not—not My heart—maybe, possibly My law—but not My judgment, not My tenderness, not My love, not My tender mercies new every day, or My desire great for interexchange of hearts.

19. I love My leadership who will lead in love and submission to the wisdom inherent in leadership-followership, allowing maturable to mature, and secure be, in Me, in Me, in Me.

20. I am plain in this and I am clear and no parable put forth. Clear, plain, is My call for love and leadership that loves, and Ted, lovership that leads, leads, leads into Me, through Me, into freedom—for themselves, and all My body they touch far and near—for eternal purposes and ramifications eternal.

21. I love My body and I want freedom in My body exploded and exuded from My every lover to every leader, and from every leader to every lover of Me—of Me, of Me—and not of Me—love them all. Kindness and mercy displayed—in justice, equity, and judgment of Me, is love. Study My love and see Me. Study Me and see My love.

22. See My leadership for My lover—My bride—who I am calling to freedom, like never before, never ever before—in freedom, to freedom, to freedom experience and walk and talk and live and affect and adventure forth—to freedomize all around them.

23. Great freedom, Joel 2, great freedom in My big adventure for the entrepreneurial, timid-not, who risk into Me—to risk knowing Me, to risk opening their doors controlled, to My freedom uncontrolled.

24. I lead and lead in love and joy and laughter and discernment and provision of soul and heart—bone and marrow of spirit-being—all-encompassing layers of potential, and gifts designed and freed, into My all.

25. Interact with Me more like yesterday Ted, talking with Me so tenderly: tears, emotion, fulfilling for us both, both Ted, both oh reader, hearer**. I am the Lord of emotion** and I come and call and crown My body seeking Me with freedomized love, and leadership to lead and lead and love in Me with My love, My love resplendent in glorious glories of mercy visible—visible and extended—wrapping, offering, awaiting, empowering, freeing.

26. I love you. Enjoy today, enjoy My words, enjoy your freedom and realize you have only touched it, and have so much more to enjoy and experience and explode over My people, into My people, over My earth, throughout all who will risk opening to Me and the many new things I am doing—raising up My bride in powerful freedom—empowered to lead, lead, lead un-intimidated, un-inhibited, in skill and expertise and confident assurance of My security—who I am and who they are, who you are, and why here, enjoying each others' leadership and lovership, and one—being one—together—knowing Me, knowing the Father, the Spirit, and being known—altogether loveliness—one, one, as one—be one, one with Us, one with each other, one, one love, one.

27. I love you. Enjoy My words and complete [the book] as you can, forsaking not our times of lovership for leadership elsewhere.

28. I love you—lovership—lovers of Me. I love you—My leaders, My lovers, My all, My body, My family, My bride—who I freedomize and empower all freedomizers of Me and My love and My leadership and My lovership.

29. I love you, go, click your heels in joy on sidewalks to tea with Amy and know I am with you. All My promises are true. All My instructions are true. All My judgments—are desirable and necessary—for maturity. Enjoy Me and each other and all of us together—one, one, one. Thank you. Tell Amy thank you for coming, coming, coming day after day and pursuing Me consistently. Lovership, leadership—she leads and matures—and loves Me so—more and more. Of Me she is, of Me she will be—greater and greater—for a freedomizer she is and births and explodes in Me.

30. I love you, I love you, I love you. Love and lead and raise My leaders in expertise, and explosions consistent, of freedom to others. I love you—love and lead and provisioned be through your obedience and freedom. I love you. Arising, awaiting—you go now—arise—I await, I take your hand.

31. New vistas, new horizons, new countries and relationships of freedomizers and lovers of Me, Ted, all over, all over, all over. See them, see Me, lovership of Me—no deficit—abundance—Me, Me, Me.

32. Ready—fire! You already aimed.
I am your target, and My heart you have. Thank you, thank you. I love you.

33. I love you reader-hearer, I love you deeply and all My message today, to Ted, to you, is, and will be, and only expands and increases—if you so choose. Thank you for choosing Me. I choose you. I choose you. I choose you, this day, and forevermore. Thank you, thank you, thank you.
